**A municipality must complete the following form if certification has not yet been received (certification may have already been given if another utility has already provided service to this location).**

Maine statutes, Title 30-A M.R.S.A. §4406(3) and Title 38 M.R.S.A. §444 require utilities to obtain the following certification from municipalities prior to installing service except if certification has already been given as the result of another utility providing service. Therefore, we request that an appropriate municipal official, e.g. Planning Board or Code Enforcement Officer, provide the following certification for this applicant.

**Certification**

I certify that:

all local permits and/or approvals, if any, required under Title 30-A M.R.S.A. Chapter 187 (the subdivision and land use statute), have been issued by the appropriate municipal official(s) and are current:  
and

all local permits, if any, required under Title 38 M.R.S.A. Chapter 3 (the shoreline zoning and water protection statute) have been issued by the appropriate municipal official(s) and are current.
