Public Comment and Questions

Dave Harmon- I went on the website to look up something on the meeting minutes, and they have not been posted since September.

Hunter Cox- I had a problem with my computer a few weeks ago, and I lost some of my files. I am having to scan hard copies in to replace them, I should have them up by the end of the week.

John Bartlett- Is the new communications system the same as the old one with new equipment. Will the scanners still work?

**Selectmen's Meeting
Agenda for November 8th, 2023**

Selectman Blier and Pulsoni- The scanners should work, they have no intention to jam that frequency. They can do a lot on the computer now, and I believe they can shut down some of the frequencies if they need to, but they don't plan on doing that, the scanners should continue to pick up the traffic.
