Review of Projects and Issues

Selectman Blier explained the issue with the Bar Mills Fire Departments roof. During an annual MMA Loss Control inspection, it was recommended to replace the entrance roof due to rotting wood. Chief Schools included the cost to repair in the capital items portion of his budget, but the Selectmen removed all capital items out of this year's budget. They have received a few estimates for repairs and they are all well over the budget. After meeting with an engineer, it was decided to replace what's there on both sides of the two doorways. Selectman Blier will be getting bids for that repair. He also spoke with the town attorney regarding the union negotiations.

Selectman Peters has had a quiet week. He spoke with Kevin Kimball regarding the mowing and road work and with Selectman Blier about the fire station roof.

Selectman Santolucito announced the port-o-potties will be going out in the parks within the next week.

Selectman Poitras has been fielding phone calls with the Fire Chief and Police Chief. He has mostly been focused on getting the town hall open.
